### **ASF GROUP SECURES TASMANIAN MINERAL TENEMENTS**

ASF Group Limited (**ASX: AFA**) is pleased to announce that it has been granted two Exploration Licences in the highly mineralised belt of western Tasmania, through its wholly owned subsidiary, ASF Resources Pty Limited ("ASFR").

These tenements comprise:

- EL 14/2007 (Mt Dundas) 23 sq kms
- EL 15/2007 (Lake Pieman) 250 sq kms

Both of these Exploration Licences are prospective for base metals and tin in the established mineralized belt of western Tasmania.

These Exploration Licences add to ASFR's existing mineral exploration portfolio in Western Australia.

ASF's strategy is to involve ASFR in partnering and co-investing arrangements with major Chinese mining groups in order to further explore and expand its exploration portfolio.

#### **More about ASF:**

ASF Group is expanding on its diversified portfolio of assets which are in the following sectors:

- mining & resources including nine tenements covering 2,000 sq km in the Ellendale district of the Kimberley region of WA;
- property including the PRDnationwide exclusive licence for China;
- travel; and
- finance.
